

Learning Through Adventure

Using the Big Apple as a Fun, Educational Tool

Visual Thinking Strategies

- What's going on here?
 - What do you see that makes you say that?
 - What else do you notice?

The Photographer (1942) by Jacob Lawrence. Metropolitan Museum of Art

OTHER IDEAS:

1. *Act it out!* 20 questions
2. Count the number of people.
3. Tell Stories:

If this were a video put on pause, what just happened? What is going to happen next?

If you were in this painting? Who would you be?

4. Compare/Contrast with today

How does this impact my child?

Common Core Standards for English Language Arts

- Express their thoughts, feelings and ideas.
- Make observations, draw inferences.
- Ask and answer questions.
- Grow receptive and expressive vocabulary.
- Make connections.
- Build background knowledge.

Common Core Standards for Mathematics

- Count
- Describe quantity, compare and contrast
- Identify shapes
